Covet by Felicity Heaton: AMAZING!Von Kayla GrahamI haven't read any of Felicity Heaton's books until this one and I was very pleased! Lilah and Javier have an attraction and desire for each other and try to keep it from one another. This is one of the most erotic stories that I have read, I like the fact that it's not just erotic but it's a love story. I got the chance

to fall in love with the characters as they fell in love with each other. They risked everything for each other and it turned out good in their favor. Snow taking up for them was a big shocker for me and an exciting twist on the story. Lilah is a strong person, when she stood up to Lord Ashville for Javier it was gut-wrenching because I knew she would survive I just didn't know how. Covet was a fast paced, blood-rushing, erotic romance story. Felicity Heaton is a great writer. It was a definite pleasure to read this book. I can't wait until the next book comes out because Covet left me needing MORE, I will be buying her next book in this series for sure! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Interesting Von Customer All in all, very sexy, as promised. The naughty but nice scenes were good. The characters well portrait. One star is missing, as the build up to the climax was good, and the action scenes good, then it flattend out a bit and finished a bit shallowly. But worth a read, and I will also get the rest of the books.
