It's an amazing read with lots of excitement, sexual tension, intrigue and action. This installment starts with Gwen and Aiden talking about what happened (in Deceived, book 2), why he acted that way. He also tells her that he's not giving up on her, but Gwen doesn't want to have anything to do with men or relationships right now. But it's easy said than done, since her roommate is the sexy "Death" angel who can't keep his hands off of her. She struggles with her feelings and the sexual tension with Dorian. On top of that, being a spirit walker put her life in danger. There is a bounty placed on Gwen. Rogues tracking her and not stop to get the job done. We also learn more about the interesting and mysterious Dorian. I love him and his relationship with Gwen. So you can imagine that the ending made me very happy except for the cliffhanger mentioned in the epilogue. I must say I definitely didn't expect that. Maybe it was better if I hadn't read it, because I can't wait until next summer to know what happens next (hopefully the epilogue will quickly resolved in a good way). This Series just keeps getting better and better with every book and "Coveted" is for me the best installment yet. I enjoyed and loved this book. Once I started reading it, I couldn't put it down. Let me say, that I read the whole book in just one day. I'm definitely looking forward for the next book in this Series, I highly recommend this!!

ber den Autor und weitere Mitwirkende Stephanie Nelson resides in Illinois with her husband and their furry children. She began writing five years ago as a hobby and quickly fell in love with storytelling. She's been teased about being a vampire due to her night-owl ways. However, she claims to only write about the fanged and not be part of their ranks. When she's not working on the next Gwen Sparks or Anna Avery adventure, she enjoys: reading, traveling, playing the Wii and spending time with her family. The best part of her job is connecting with her readers.
