Cowboy Be MineVon Fast LadyBailey Dixon has been in love with next door neighbor Michael Wade practically all her life. When Michael has an accident that results in a broken ankle Bailey volunteers to take care of him in more ways than

one. Six months later she finds herself deeper in love and pregnant. Michael, unaware that he is going to be a father maintains he's not the marrying kind and that his relationship with Bailey will never progress beyond it's current state. Bailey, hard to convince, is not willing to give up on this "loner" and with the help of three retired do-gooders sets out to prove that Michael is indeed good husband and father material. Once again Tina Leonard has penned a funny and romantic story that takes place in wonderfully small Texas town. COWBOY BE MINE complete with quirky town characters including a "big hair" rodeo queen will leave readers clapping, smiling and eagerly awaiting her next book.0 von 0 Kunden fanden die folgende Rezension hilfreich. Tina Leonard delivers another winner! Von Chelle I've got a growing collection of Tina's books, each as wonderful as the last. If you are looking for a talented author who can blend humor and romance with wonderfully innovative characters, then you'll love this book!

Kurzbeschreibung The boy next door has sure grown up to be one good-looking man. And suddenly all Bailey Dixon could dream of was having Michael Wade see her for the woman she'd become. And then it happened Passion took command as the rugged rancher happily made Bailey his in every way. Though she knew the object of her affection was a natural-born loner, perfectly content with their no-strings relationship, Bailey couldn't help but want more. Somewhere, locked deep inside Michael's heart, lay the answer to her every desire. And with two little surprises on their way, Bailey knew it was time to tame her cowboy! Autorenkommentar What gets a proud cowboy and a woman who dreams of true love to the altar? A. A well-thrown lasso B. Bribery C. Two shotguns D. A baby In Cowboy Be Mine, the correct answer is D. Actually, that's not quite true, either. It was the fence-sitters who contrived to get Bailey and Michael together. That's right. Fence-sitters. Named Curly, Chili, and Fred. These gnarly ranch hands plan to spend their retirement being . . . well, retired. Until they're sitting on the fence between Michael's and Bailey's properties one day and notice that more than a fence seems to be keeping Michael and Bailey apart. Of course, they have no way of knowing that it's a baby (or twins, but never mind that right now!) keeping the two apart, but they do know that standard tactics such as lassoes, bribery, and shotguns won't work on this precarious situation. Caggy old fellows. Roof-worms are the best way to get two stubborn people together in Fallen, Texas, of course!
