I want more. Just couldn't put it down.I felt for Brenna and fell for Dragon. Brenna was great. She was normal, as normal as you could possible be

when you grew up with bikers and their old ladies. She wasn't a superhero in a "Marvel"-style. And she did absolutely wonderful with her daughter Trix. Dragon was what I expected reading about a badass biker and then some more. He was alpha, dominant and did a lot of cursing. But he was also caring, loving and sweet. I loved every chapter in Dragon's POV. The story was really good and I enjoyed it very much. I can't wait for the next book in the series, which will be about Grease, but I hope we still get a glimpse on Brenna and Dragon.

Kurzbeschreibung How could someone make decision after decision attempting to get away from their past and somehow end up right back where they started? When Brenna decided to leave the only life shed ever known, she swore shed never go back. Now, five years later, shes running from her clean-cut husband straight back to the motorcycle club that raised her and the man she left behind. She left with a secret, and the truth will soon break her carefully constructed life wide open. Warning: This book contains graphic sex and language, domestic abuse, and the loss of a child. It is meant for mature audiences. Kurzbeschreibung How could someone make decision after decision attempting to get away from their past and somehow end up right back where they started?
