Von N.R. Walker : Cronin's Key II (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Cronin's Key II (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Very Hot ReadVon Client I loved it. I did not put down my kindle till the last page. When I met Cronin and Alec again, I

loved them all. The Chemistry is still as always present, the dangers they face I can't wait for Cronin's Key III

KurzbeschreibungHistory isn't always what it seems. With the battle of Egypt behind them, Alec and Cronin are enjoying the thrill of new love. Though fate doesn't wait long before throwing them back into the world of weird. They know Alec's blood is special, though its true purpose still eludes them. And given Alec's inability to be changed into a vampire, Cronin is free to drink from him at will. But the ramifications of drinking such powerful blood starts a ripple effect. With the help of Jorge, a disturbing vampire-child with the gift of foresight, Alec and Cronin face a new kind of war. This time their investigations lead them to the borders of China and Mongolia but it's not what lies in the pits beneath that worries Alec. It's the creator behind it all. In the underground depths of China, amidst a war with the Terracotta Army, they will find out just what the Key is, and what Alec means to the vampire world.

ber den Autor und weitere Mitwirkende N.R. Walker is an Australian author, who loves her genre of gay romance. She loves writing and spends far too much time doing it, but wouldn't have it any other way. She is many things; a mother, a wife, a sister, a writer. She has pretty, pretty boys who live in her head, who don't let her sleep at night unless she gives them life with words. She likes it when they do dirty, dirty things...but likes it even more when they fall in love. She used to think having people in her head talking to her was weird, until one day she happened across other writers who told her it was normal. She's been writing ever since...
