Young woman writing political essays under her departed father's false identity and the young lord in need of help with his maiden speech for his former career as a gothic writer made a romantic muddle of his serious speeches. Of this comes a twisting story which has the usual happy ending. This novel followed the regency tradition in shape of characters except for the hero (Lord Selworth) who was a fresh change to the all Mr. Darcys out there. Warm hearted and sensitive but not cynical. The heroine(Pippa Lisle) was on the other hand much related to the heroines of Jane Austen. The political discussion were a spice to the romance and the behaviour of the young lord in the end was really funny. In overall, this book will go

down well with Regency fans.1 von 1 Kunden fanden die folgende Rezension hilfreich. A Regency romance with a political backgroundVon John WhelanAn interesting book, had some details about Gunters which I wasn't aware, the hero Lord Wynn Selworth is actually a little different, thoughtful, who shares rooms with another very quiet gentleman the Honorable Gilbert Chubb. There is some social commentary but subtly done in a way that doesn't ram it down the reader's throat. Lord Selworth is a Whig after all. Philippa Lisle is the heroine, her father wrote radical articles under the pen name of 'Prometheus', his daughter assisted him and on his death continued to write the articles, Lord Selworth needs the expertise of Prometheus for his maiden speech, Pippa's sister needs a season. Philippa's mother suggests, a deal is struck, a romance is played out.0 von 0 Kunden fanden die folgende Rezension hilfreich. A delightful romp!Von Ein KundeI thought that this book was simply a delightful read. Predictable? Yes, but fun nonetheless. Mistaken identities and the power of the truth must be revealed before love can conquer all. It is another great novel from Carola Dunn.
