Von Stewart Binns : Crusade (Making of England) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Crusade (Making of England):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich.
Superb! Von DocPom Very impressive. Thank you for a thoroughly good read. Well researched, thoughtfully narrated, believable characters, their aspirations and imperfections carefully presented. I look forward to reading further works

from Mr Binns. Keep up the good work.

Kurzbeschreibung1072 - England is firmly under the heel of its new Norman rulers. The few survivors of the English resistance look to Edgar the Atheling, the rightful heir to the English throne, to overthrow William the Conqueror. Years of intrigue and vicious civil war follow: brother against brother, family against family, friend against friend. In the face of chaos and death, Edgar and his allies form a secret brotherhood, pledging to fight for justice and freedom wherever they are denied. But soon they are called to fight for an even greater cause: the plight of the Holy Land.

Embarking on the epic First Crusade to recapture Jerusalem, together they will participate in some of the cruellest battles the world has ever known, the savage Siege of Antioch and the brutal Fall of Jerusalem, and together they will fight to the death.
