**Von Cecile de la Baume : Crush: An Erotic Novel** before purchasing it in order to gage whether or not it would be worth my time, and all praised Crush: An Erotic Novel:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. The story was flat, one-dimonsional--hardly "novel" worthy.Von kdickerson@yahoo.comWhat more to say? Ok. The end was particularly disappointing, seeming to simply fall into the very "void" Amelie so often feels. "The doorbell (obviously) rang" for the La Baume as well as she beats a hasty retreat from providing her readers with any sense of real-life closure to the notion of an "affair." It was, in her words, "a fright."0 von 0 Kunden fanden die folgende Rezension hilfreich. Not SoftVon Pierre RenoirI really liked this book. It wasn't one of those soft, I-really-don't-know-

what-you-mean erotic books. This one was lusty and full of it. Just what I was looking for. I recommend it highly.

**Kurzbeschreibung**Amlie is a sexy, beautiful thirty-year-old haute bourgeoisie wife of a distant husband. One evening at a service station on the outskirts of the Bois de Boulogne, she meets David and steps into an erotic and sensuous new life. Twenty years her senior, darkly handsome, and almost embarrassingly virile, he is a suave filmmaker, a confirmed bachelor, and the perfect match for the perfect affairbut one with a twist. Amlie isnt looking for love, but shes hungry for pleasure. Written with cool-headed intensity and sexual heat, Crush is an unforgettable odyssey through the wilds of desire into the badlands of erotic obsession.
