Ahead of it's Time!Von Deborah MacgillivrayThe face of romance writing keeps shifting, as writers push the boundaries all the time. Today you see new great voices such as Robin D. Owens, C. J. Barry and Susan Grant writing "Off World" romances, but hey, Jayne Anne, with her Lost Colony series, was doing it a long time ago. They did not get the right

reception because they were so new, so fresh. Readers had Jayne Anne/Amanda Quick pigeon-holed and were resistant to letting her stretch. Funny, so many times I see reviews quoting if you have read 3 or more JAKs you have read them all. They are great reads, but a bit of the same. Yet, when she tried the Flower series and the Lost Colony series, readers were grumpy because it was not like JAK usually was!! So maybe a few of you have missed these tales or should give them a new look. I believe had they been released in today's market they would have done much better. In this one, Kalena is the last survivor of a proud heritage, and is on a secret mission to destroy the enemy of her family - at any cost, even her life. Kalena is determined to avenge the deaths of her father and brother at the hands of Quintel, head of a rival house. One man can stop her, a soldier they call "Fire Whip". Despite, knowing he is bound to the enemy, Kalena falls in love with Ridge. He owes his loyalty to Quintel, so will he fight for honour or love. She is the coolest of females, so trained in keeping her emotions at bay, and he is the hottest lover, the one who can melt her heart of ice. Jayne Ann crafted a wonderful "Off World" Tale, so if you have missed it and enjoy Robin Owens, CJ Barry or Susan Grant, don't give this one a miss. 3 von 3 Kunden fanden die folgende Rezension hilfreich. The cover blurb is misleading, as usual..... Von Ein Kunde I don't know how they do it but I swear, 75% of the blurbs I read totally get the book wrong. She is not 'coolly sensual'. She is on a mission from her family to assassinate someone, and Fire Whip is in the assassinatee's employ. 'Nuff said. This book is a thoughtful look at male/female relationships and the power balance, as well as being a great fun read. 0 von 0 Kunden fanden die folgende Rezension hilfreich. An Absolutely Positively MUST READ!!!!!! Von Jennifer Johnson (ekjohnso@alltel.net) This is the first romance I ever read, and I've been hooked ever since! It's the classic man v. woman story-line. Kalena is strong, not at all wimpy like some heroines. Ridge is all man, without being too macho or controlling. Any fan of JAK must read this. If you like this one, check her books written as Jayne Castle, also.

Kurzbeschreibung Kalena is focused on a single task the assassination of the man who destroyed her family. Once he is gone, she will live her life as a free woman. She just has to extract herself from an arranged Trade Marriage first. She has a plan for that. Her husband, Ridge, works for Quintel, the man Kalena has been sent to kill. Ridge is the Fire Whip, Quintel's enforcer, and not exactly the type to become involved in a Trade Marriage with an innocent country girl. But he looks forward to instructing Kalena in her wifely duties. Kalena and Ridge have no plans for a lasting relationship, but the success of their mission depends on learning to trust each other and the passion that flares between them. **Pressestimmen** Lively humor, a wonderfully imaginative setting, a dash of danger, and Castle's classic sensuality are here in full measure. **Library Journal** on After Glow (Book 2 of Ghost Hunters series) Brilliantly blends exceptionally entertaining characters, witty prose, and a thrilling paranormal-tinged plot in a sublime novel of romantic suspense. **Booklist** on Ghost Hunter (Book 3 of Ghost Hunters series), starred review Delectably entertaining. **Booklist** on Dark Light (Book 5 of Ghost Hunters series) **Kurzbeschreibung** Kalena is focused on a single task the assassination of the man who destroyed her family.
