Von Stephanie Hudson : Cult of the Hexad (Afterlife Saga Book 6) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Cult of the Hexad (Afterlife Saga Book 6) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. thankfully not disappointingVon Elodie ColtAs a huge fan of the Afterlife saga I was a bit scared after reading some of the bad reviews, but thankfully I trusted in Stephanie to make another great story out of this book. As she has already set very high standards, it's really difficult to make the series better. Yes, I want to be honest when saying that the first half of the book wasn't much to my liking because of two things:1) There were too many questions still unanswered

(everything regarding the mirror, the two personalities, ...) and in my opinion Stephanie took really long to reveal those secrets and 2) If you have read all the previous books, you get bonded with Keira as the main character. You learn to know her, you are with her during her personal development throughout the series and you get dependent on her. And then suddenly the first half of the book is written from the view of a completely different person. And then there comes the part in the second half of the book when you read things you know the answer to but Katie doesn't and that's really frustrating as well as it is ingenious! But I also have to say that Stephanie's books got really complicated since the fourth book in the series (example: I read the passage where Sigurd explains the runes to Vincent Keira two times and didn't get it at all, thankfully not a very important part). There are also some questions still unanswered and I don't know if they are really important but I would have liked to know, for example: How did the mirror work exactly? How did the Cult implant her different memories? Is Ari the same as Keira as she is also a chosen or are they different because Keira is THE chosen? Who gets a chosen one and who does not (Draven Vincent have one and Sophia has a "regular husband")? But definitely a plus point is the ending and Draven's gambling with Bill. That was really one turn in the story I didn't count on. I'm not so sure what to say about the "love scenes", though. I mean, they were great and even more intense than the ones in the previous books, but sometimes my mouth would drop open in disbelief: I mean, seriously, there is Katie who has no self-esteem, no strength, is - as she thinks - still a virgin that hadn't even tried to touch herself once, and she knows Draven for I don't know how long and the first thing she does is pleasuring him with her mouth?! For me, that was too much Fifty Shades of Grey, but assuming that Stephanie had a really hard time making every book in the series better than the last, I'll forgive her :) Can't wait for the next series and although I'm not a fan of spin-off's, I'm really looking forward to Vincent's view of Book 1! P.S.: There is one thing I'm dying to know about since reading it in the first book (maybe the second, can't remember) and that is: what is it with this special car in Draven's garage in that cage that Keira wasn't allowed to touch? I was secretly hoping to get an answer to that question when Draven went into the garage at the end of book 6, but unfortunately he just took the Aston :D

Kurzbeschreibung Time. Truth. Life. There is weakness in all when lies are told but the strength in each is what we must behold. Can our Chosen One find her way back from the deception and chaos that surrounds her or is this the life of a trapped girl, broken and lost forever? A worldwide search might be on the cards but what if the girl they're looking for was never meant to be found? These are the questions both sides face in a race against time, truth and the life they are all trying to save. The battle against evil continues in the most unlikely of places and emotions run wild in this next instalment of the Afterlife saga. Will you take the plunge with our characters and delve deeper into the world of Afterlife, further than you've ever gone before? Kurzbeschreibung Time. Truth. Life.
