Von Tam Collinson : Cupid in the Cosmos (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Cupid in the Cosmos (English Edition):

An utterly romantic and almost unbelievable love story Von Uliana I read the book Cupid in the Cosmos by Tam Collinson in a day, and this is although it was my first experience of reading an e-book. I found it very personal, and as somebody, who came to the UK from Eastern Europe, I could easily relate to some facts, but most importantly, many

observations and feelings described in the book from the point of view of one of the main characters, Ukraine-born Nadia. I found the book utterly romantic and an almost unbelievable love story engagement at the second meeting this is definitely not something one hears often about I would have not believed it, were it not described as almost the only logical thing to happen given the previous experiences of both main protagonists Martin and Nadia. Reading about the numerous ways (and loops) a modern man seems to have to go through to find the love of his life (and not sound pathetic at it), was quite inspiring. I even think it may give a hope to many a singleton by chance, not by choice, who has already resigned to the idea of spending the rest of their life lonely and alone. Well, we all have our past and our experiences, but taking the fate into ones own hands seems to be quite a viable option, if one does believe Mr Collinson and it feels like he does talk from his real experience! I caught myself thinking this novel reads like a ready script for a movie it is so vivid and lively, and who knows maybe well see it in the cinema in a year or two, and Ill be the one eagerly awaiting this great story filmed as another Xmas treat!

Kurzbeschreibung Does true love exist? City workaholic Martin is renovating his dream cottage in the Wye Valley and is determined to find the right girl to share it with. Fed up with flitting from one half-hearted relationship to another, he decides to join every singles club going. Meanwhile, Nadia, a doctor from the Ukraine is becoming increasingly frustrated with her British husband. He wants to settle in front of the TV. She wants to buy a sports car and live life to the max. Both Martin and Nadia are asking the same question: 'Is there anyone out there...for me?'
