Von Zoe Saadia : Currents of War (The Rise of The Aztecs Book 4) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Currents of War (The Rise of The Aztecs Book 4) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Currents of WarVon Andrea LambertI have only one regret starting on this series, and that is that all things must come to an end. I will miss sharing the lives and adventures of characters I grew very fond of and learning about the pre-

columbian Americas at the same time. One consolation - I can always re-read the books at a later time again, sure in the knowledge of discovering new aspects in an already familiar world, it will be like coming home. I can wholeheartedly recommend this series to anybody interested in pre-columbian historical novels

KurzbeschreibungSeven years later, the Aztecs are ready to revolt against the mighty Tepanec Empire.However, while the young Emperor is trying to solve the problems peacefully, his warlords and advisers believe he is making too many mistakes along the way. A much stronger leader is needed, but is there a way to change Emperors with no bloodshed?Kuini, now a promising leader, but still considered a pushy foreigner by some, is about to find out that meddling in the Aztec politics could cost him more than he is prepared to pay.KurzbeschreibungSeven years later, the Aztecs are ready to revolt against the mighty Tepanec Empire.However, while the young Emperor is trying to solve the problems peacefully, his warlords and advisers believe he is making too many mistakes along the way.
