A new spinVon EmmaI was really excited to read this book having heard a few things about it and I was happily suprised. I love the world that was buit especially how well it works with our own.Hope is a great main character, I love that you actually watch her grow and how badass that she can be! But also the epic spin on what you normally see when it

comes to Mythology instead of focusing on the all and mighty we something different and unique. It was a really fast read and the writing style was easy to get into! I felt like this was a good start to the series and it made me intrigued enough to wonder what's next. There are some great side characters like Athan who intrigues me. 0 von 0 Kunden fanden die folgende Rezension hilfreich. SO good!!!! Von Marlies Bontenbal Gosh this is one good read!!! The story is romantic, suspenseful, fast-paced, it has adventure.... I was grabbed by her writing from the first line and finished the book in -almost- one go (had to make dinner and sleep in between...). Even though I have read some books based on mythology I liked, this is the first one I actually love. If you like fantasy or mythology, to try it!!! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Great book Von Astrid Rudloff I got a free copy of this book and review voluntarily. I just loved it - the fast paced writing, the characters, that demigods and other mystical creatures live amongst mortals and have to hide. I could identify with the heroine who craves to find acceptance, a home, friends or love. I can't wait to find out how this series will be continued.

Kurzbeschreibung Hope has a deadly secret Hope has spent her entire life on the run, but no one is chasing her. In fact, no one even knows she exists. And she'll have to keep it that way. It's safer. Even though mortals think the gods have disappeared, Olympus still rules. Demigods are elite hunters, who track and kill monsters. And shadow-demons from the Underworld prey on immortals, stealing their souls for Hades. When tragedy destroys the only security she's ever known, Hope's life shatters. Is it the fulfillment of Apollo's curse, or is she being hunted? Forced to hide, alone this time, Hope pretends to be mortal. She'll do whatever it takes to keep her secret safe and her heart protected. But when Athan arrives, her world is turned upside down. With gods, demigods, and demons closing in, how long can a monster stay hidden in plain sight? Join Hope on her unforgettable journey to discover what it means to live and her daring fight to break Apollo's curse. *Previously released as Curse of the Sphinx.* The Sphinx series is filled with Greek gods, monsters, demigods, action and romance. It challenges the concepts of fate, true love, and what defines courage and heroes. This series is perfect for teens or young adults at heart. **** "This book is AMAZING! I read it everywhere. It is the perfect mixture of young love, survival, and mythology." - DELUXE, reviewer "The story is addicting and emotionally engaging. I found that I was invested in the extremely well developed characters and the complex plot. I could not put the book down." - Hannah, The Not So Public Library "I can't explain how much I loved this book! I've been really wanting more Greek mythology ever since my obsession with the Percy Jackson series and this did not disappoint!" - Britt, er Kurzbeschreibung Hope has a deadly secret Hope has spent her entire life on the run, but no one is chasing her. She's a big fan of both the Percy Jackson series (shocker) and the Twilight saga (gasp), and those two series *might* have led her to pursue her dream of writing teen fiction. Raye's a big believer in realistic characters and draws on her background in healthcare to ensure that her strong protagonists are believably flawed and act rationally. She loves reading YA romantic fantasy so there's bound to be some kissing in her books. That being said, Raye writes for all ages, so it's clean romance. ;) Raye also relies heavily on her martial arts training to pen realistic fight scenes (3rd degree black belt in Tae Kwon Do) with believable consequences.
