Von Amanda Quick : Mischief (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Mischief (English Edition):

TuckerImogen Waterstone needed help to destroy the man she believed murdered her best friend, the man who participated in her social ruin. Who better than Matthias Marshall, Earl of Colchester, the man who discovered the lost island of Zamar? Imogen decides that Matthias is not the man of action she assumed he would be,

that in fact, he is subject to nerves. No matter what his reputation or what others say about him, Imogen will not believe anything bad about Matthias. Bemused, Colchester finds his match in the strong-willed, unpredictable Imogen. The thing that most attracts me to Amanda Quick books are the strange and wonderful heroines. They discount anything bad about the hero and, ultimately, lead him like a dangerous panther on a leash. Then there is the witty repartee. Exquisite and delightfully humorous. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Good, but not as good. Von Ein Kunde I am a serious Amanda Quick fan, and the bindings have worn out of my copies of Ravished, Dangerous, Deception, and Scandal. These are the best Romance novels ever written, in my opinion. The story in Mischief is definitely good and entertaining. The problem is, however, that Ms. Quick is sacrificing the details that made her older books so engaging. I am worried that she may never again write characters as loveable as Harriet, Prudence and Olympia. Or as desirable as the Beast of Blackthorn hall, Mr. Chillhurst and the Fallen Angel. What is missing is the insight into the new characters. Since this author writes under 3 names, she turns out a LOT of books. Unfortunately, they are all suffering from the speed. This book needed another 50 pages to flesh it out. The depth was missing. I will be very sad if there are no new Amanda Quick books that I want to read over and over. Please, Amanda, let us know your characters again and care about them. No one creates as fun and sexy a story as you can. Don't make them over so soon. 0 von 0 Kunden fanden die folgende Rezension hilfreich. This Book Made Me A Convert Von Ein Kunde I don't think I had read a true romance novel ever in my life until I picked up this book. I make a habit of putting bestselling books on hold at the library and reading them as they become available. Picking up this book, I was surprised to find a romance. I figured I'd give it a shot, but was sure that I would not finish the first chapter before I pronounced it trash. I think I read this book in one day. I literally could not put it down, and I'm sure I got about 3 hours of sleep that night to finish it. Amanda Quick took me to another world, a great escape that made my stomach flip during the romance scenes. I have no qualms recommending this book as a good place to start for all you "book snobs" who think you won't enjoy anything that doesn't make you struggle intellectually. Live a little! I'm still trying to get my hands on her other books as we speak...

Kurzbeschreibung A sparkling Regency mystery by #1 New York Times bestselling author Amanda Quick, this is the perfect escape for the summer . . . Imogen Waterstone has always prided herself on being a thoroughly independent young woman, but now she is faced with an enemy she can't take on alone. She needs a man; one skilled at seduction, yet who possesses an implacable will and nerves of iron to equal her own. That's why she invites Matthias Marshall, infamous Earl of Colchester, to her home. Who better than the legendary explorer to help her lay the perfect trap? Yet in all of her plotting, Imogene never anticipates Colchester's sizzling reaction to their pretence or her own electrifying reaction to him. Neither does she expect that a malevolent threat would emerge from the labyrinth of London - sinister enough to endanger her and Colchester's lives . . . 'What fun!' Lisa Gardner 'Krentz's fans are always ensured of plenty of wit and romance and heapings of suspense when they dive into her novels!'
