Von Jessica Page : Misguided Target (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Misguided Target (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. MISGUIDED TARGETVon Sahara FoleyI dont normally like alternating first person POVs. Mainly, because its confusing to the reader to know which person is now the POV. Even when the author heads the scene with the name of the characters, its still confusing. The problem is, most writers just arent skilled enough to pull if off. If each character

doesn't have its own quirks and habits, they blend together. But Jessica Page was able to pull this one off. I still don't like that type of POV, but I had no problem following the characters. For me, I thought this was a fast-paced story. It's not that long, and I read the book in 1 1/2 days. I loved Kendall and Kane and the chemistry between them. They played off each other very well. As for the storyline, it was pretty standard. Boy meets girl, girl in trouble, boy helps girl, they have HEA. There were no plot twists. Nothing unexpected. I felt this was an average read, and I did enjoy it. BUT!!! Anymore, I try to give some leniency for proofreading errors, but this book was so chock-full of them, I have to take away one star. If you like HEA, hunky SEALs, and a fast story, you'll probably enjoy this one. I give it 3 feathers.

Kurzbeschreibung After serving Washington's political elite as a high-class escort for years, Kendall Daley is ready for a change. On the eve of her final assignment, she meets Kane Clarke a Navy SEAL Lieutenant on enforced leave. What Kendall doesn't know is that Kane is in town to repair his relationship with his estranged brother... someone she knows all too well. Soon after that fateful night, a group of criminals kidnaps Senator James Clarke, and attempts to assassinate Kendall. Deep and personal secrets surface as Kane rushes to her aid. Finding themselves pawns in a dangerous game, the pair must unravel the tangled web of deception and save the Senator - and themselves - before time runs out.
