Von Larissa Lyons : Miss Isabella Thaws a Frosty Lord (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Miss Isabella Thaws a Frosty Lord (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Short and sweetVon CarinaIsabella is blind and practically imprisoned by her abusive father but her dead mother's spirit is looking out for her...This well-crafted Christmas Regency romance makes a pleasant, heartwarming read all year round. The protagonists are likable and the chemistry between them is believable. Even though I wouldn't have

minded a longer length, I'm glad that Lyons resisted the temptation of stretching this novella into a novel, by adding unnecessary scenes and plot twists like so many other authors do. My only quip is the stilted writing and an overabundance of period slang that makes me wonder if she wrote the story with the help of an old dictionary.

Kurzbeschreibung Dominated by her father's rigid ways since a twist of fate stole her sight, Isabella uses the magic of Christmas to steal away for an adventure of her own when invited to join friends for the holidays. Oh, how she adores Christmastime! How he abhors Christmastime! Lord Frostwood lives up to his name, freezing out everyone since a childhood tragedy hardened his heart. Everyone, that is, until a spirited wench falls at his feet and proceeds to warm his cold existence, thanks to some strategically placed mistletoe and their resulting Christmas kisses. This is an extended novella of 37,000 words. Heat Level is warm. REVIEWS "With a fabulous cast of characters, sparkling dialogue and a hint of holiday magic... Miss Isabella Thaws a Frosty Lord by Larissa Lyons is an enchanting and magical holiday romance that is guaranteed to melt your heart." ~bookreviewsandmorebykathy.com "I love the way that the book reads as if it were written in Regency times... I'm a fan of Carla Kelly Regency romances and having just read her newest Christmas release right before picking this one up; I was in the mood for another story of that caliber. I definitely got that with Miss Isabella Thaws a Frosty Lord." ~EKD, BN Kurzbeschreibung Dominated by her father's rigid ways since a twist of fate stole her sight, Isabella uses the magic of Christmas to steal away for an adventure of her own when invited to join friends for the holidays. With a penchant for rowdy, roaring rogues, she's happiest when composing stories about strong men with a weakness for the right woman. She loves cats, chocolate, and her husband though not necessarily in that order (homemade brownies rank in there somewhere, as do James Bond films). She's been a clown, a tax analyst, and a pig castrator ^..^
