Hollywood Romance! Von Bianca @BJsBB 4.5 Stars Raquel is one of the 3 actresses we already met in the previous book: Miss Congeniality. She's - obviously - the Man-eater of the group. Only she isn't really. Ever since her mom flipped out on her for showing her boobs to a boy when she was 14, she stopped being that girl. She's only had sex twice. But she does nothing to stop all the rumors and the flirting and the being in the press. But her studio needs her reputation to be fixed asap. And that's how Clayton comes into the picture. Clayton is Hollywood's best spin doctor and he needs all his talents to fix Raquel. But it's not as easy as it could be - because both are extremely attracted to each other. Can Clayton keep everything professional? Because a few years ago he didn't keep it professional and it blew up in his face... What will happen to Raquel Clayton? Will the two of them get their HEA? Will there be a horrible cliffhanger? NOPE - I'm not telling you OK, no cliffhanger - but Raquel's sister will get her own book - so we'll probably meet everybody again _____ I LOVED THE STORY! I really liked the book. It was almost more of a novella than a full-length Romance. But it was cute. And sexy and adorable and frustrating and the guys... phew... Clayton - and his partner Spencer (who will be the star of the next novella - together with Raquel's sister!) HOT!!!! Miss Man-Eater was a really cute Hollywood Romance. We get to meet everybody from the first book again and we already meet the couple from the next book ...but that doesn't mean that Raquel and Clayton's story wasn't the main focus here. They're really cute together - and it's really funny to see how hard Clayton tries to keep everything professional - but of course, in the end - he never stood a chance against this not-so-man-eating beauty. Something I didn't like all that much - the cover? That's really not how I picture the sweet and sexy Raquel... it looks like the cover for a bad 1982 porn book MISS MAN-EATER was a really sexy Hollywood Romance with an amazingly hot Hero! And a not-quite-so-man-eating Heroine!...and now I'm really looking forward to reading the next book in the series

Kurzbeschreibung Raquel Adams is in desperate need of a media makeover. Her already floundering reputation is made worse by her recent antics, and she doesn't seem to care. Raquel lives life on her own terms and doesn't answer to anyone, least of all Clayton Cox, the guy charged with making her a media darling. His take charge attitude is a problem for strong-willed Raquel, but she can't deny the attraction she feels toward him. Clayton Cox is the boss, and damn good at his job. He's hired to improve your reputation and does so by swooping in, saving the day, and moving onto the next one. But he can't move one from his newest client. Raquel is maddening, and gorgeous enough to make him forget his rule of never getting involved with a client. Raquel wants Clayton, and nothing is going to stand in her way, not even Clayton himself. He doesn't know what hit him, and soon finds himself juggling between having to improve her reputation and feign off her advances. But Clayton's determined to show Raquel who's in charge at any cost, even if that means thwarting her seduction efforts. And will a series of mishaps mean Raquel is tied to her nickname forever? Due to mature content this book is intended for readers 18 +.
