Von Elizabeth George : Missing Joseph: An Inspector Lynley Novel: 6 (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Missing Joseph: An Inspector Lynley Novel: 6 (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Krimi fr FrauenVon Matthias1984Die Krimis der Kalifornierin Elizabeth George spielen alle in kleinen Ortschaften in Grobritannien.Der Krimi ist sorgflltig konstruiert und professionell geschrieben. Die Auflsung des Krimis fand ich

unglaublich und verworren. Die Zielgruppe des Krimis sind meiner Meinung nach Frauen. 4 von 4 Kunden fanden die folgende Rezension hilfreich. The first Elizabeth George disappointment Von Ein Kunde "Missing Joseph" starts with a promising scenario--a wedding but no priest! He is later found murdered. With sub-plots galore, we learn that the fortune seeking groom does not love his pregnant but very rich bride and is trying to make it with the young rectory housekeeper who, incidentally, also practices a type of witchcraft as well as keeping the murdered priest's rectory clean. We learn that the local constable is a widower and just too weird with his female relationships, ie. dead wife, rectory housekeeper, current amour, etc. Then we get bogged down with teenagers in the village and their problems and eccentricities. There is a very atypical George description of the constable's brutal and salacious rape of the rectory housekeeper and we also get to meet her over-sexed mother who is REALLY weird. Colorful characters abound however, the length of time taken to get the point across in the descriptions of the characters is also atypical of George's work. We DO get to see our old standbys whom we all know and love, the troubled (and childish) love affair between Tommy and Helen (could they really be as shallow as all this?) we are let in on the marital problems of Simon and Deborah and even get to experience Haver's dilemma in changing her life style now that Mum is in the nursing home. All of this would be great but Ms. George keeps on and on in her descriptions of these characters and what they are doing at the moment to the point that too much of the author's time (and the reader's) is given to explaining all of this to the point of being repetitive and, even boring, to the max., As a result, the story becomes tiresome. Eventually, the murder of the priest who didn't show for the wedding is FINALLY solved. This is the only Elizabeth George book I cannot recommend to others. I am very sorry, too because she is one of my favorite authors. 1 von 1 Kunden fanden die folgende Rezension hilfreich. OK? Does Havers EVER Get a Life? Von Ein Kunde I started reading this series on my mother's recommendation... she told me that the mysteries were very romantic and that there was a very interesting woman character (Havers) and an English lord who develop a wonderful relationship....NOT! Come on, Mom! Havers is the most abused heroine I've ever encountered. How many times has George described her with a bovine adjective? I keep reading these books waiting for Havers to "Get a Life" but I am not sure that she will ever be so generously rewarded. Meantime, I have to wade through every PC topic known to mankind... incest, abortion, child abuse, teen sex... whatever sells.

Kurzbeschreibung When Deborah St James hears of the unexpected death of Reverend Sage, her sadness has a very personal tinge. For their paths had crossed some months earlier at a particularly vulnerable time for Deborah, and she had found herself confessing her intimate anguish to this sympathetic stranger. When she realizes that his death is far from accidental, Deborah, with her husband, Simon, enlists the help of Inspector Lynley, and the trio embarks upon an investigation that hinges upon the overriding - and ultimately destructive - power of parental love. From Publishers Weekly In George's deftly plotted, highly atmospheric bestseller, forensic analyst Simon St. James investigates the death of an English vicar. Copyright 1994 Reed Business Information, Inc. Pressestimmen "A totally satisfying mystery experience." Denver Post "[George] proves that the classiest crime writers are true novelists." The New York Times "Layered, intricate...deftly plotted, highly atmospheric." Publishers Weekly "Perhaps Ms. George's most satisfying puzzle yet...this rich, intricate novel is a perfect choice for anyone in the market for first-rate summer fiction." The Sun, Baltimore
