Mistletoe Mistress By Helen BrooksVon Amanda A. BrooksThe actress I have in mind as Joanne is Bridget Fonda.

What I liked about Joanne was that she was a strong and independent woman, yet vulnerable and very innocent. She was a virgin. What I didn't like about Joanne was that she was not willing to take risks. She was a loner because of her past. My favorite scene with Joanne was when she was threatened and Hawk saved her and admitted his love for her. This begins on page 177.

Kurzbeschreibung Christmas with the boss! When Hawk Mallen took over the company Joanne worked for, it seemed he'd taken over her life, as well - expecting his new assistant to be at his command day and night! And when he offered Joanne a dream promotion, she realized she'd be at his side almost twenty-four hours a day. Working so closely with Hawk, Joanne found it hard to ignore how irresistibly sexy he was. She was determined not to have an affair with her boss, but what if Hawk wasn't just looking for a mistletoe mistress - but a wife?

Synopsis When Hawk Mallen took over the company Joanne worked for, it seemed he'd taken over her life as well. Now he was in charge, Hawk seemed to expect his new assistant's duties to extend out of office hours.
