Definitely awesomeVon Ni NaBeing the second book in the series, Mistress, Please continues after the events of Mistress on her Knees.The whole story revolves around Gracie and Trinity. Gracie, the professional domme and Trinity, once a domme, but maybe more submissive than she cares to admit, have been lovers before (see Mistress on

her Knees). Ten years after Trinity had cheated on Gracie, they get a second chance. Although both are willing to make it work this time, Gracie and Trinity are walking a path of trial and tribulation. Both women grow and change, they are not static, and the vivid way in which Gracie and Trinity have been created makes it wonderfully easy to identify with both of them. I loved to see how Gracie longs for Trinity's love, does her best to make the relationship work and nevertheless has doubts at times. I could understand Trinity who was frustrated about being spanked, seemingly almost coerced into submission, but then again willingly doing as told, out of love. Both, Gracie and Trinity are vulnerable and are almost overwhelmed by what they do. This is written in such a lively and intimate way that it was a pleasure to read on. I love how playful Gracie and Trinity are. Gracie is still strict at times, sure, just like Trinity is stubborn, however both are learning to be better. Their care and love shines through so obviously, both women change the more they start believing in their relationship. This is awesome to read, beautiful, with some spicy spanking moments and with a vivid touch of dominance and submission. If you like to read about two women who are struggling to make their relationship work, if you like to see two lovers who are so close that they would be able to cut deepest wounds in the other one, then this is it. Miss Vitsky has created two women who are lifelike and adorable. I love Gracie and Trinity, they go through a lot, although *Mistress, Please* shows both women often more light-hearted than they were in part one (another awesome read!). *Mistress, Please* has been such a wonderful pleasure to read and I can't wait for the third part of it. If I could, I'd definitely give more than five stars.

Trinity is grateful for a second chance with the woman who first taught her about love and submission, but she resents Gracie's assumption they will return to their old roles. Gracie demands obedience; Trinity needs assurances of love. Can Trinity let go of her pride to accept Graciela's forgiveness? Or is submission too high of a price to pay for happiness?
