Von Herman Melville : Moby Dick (Collins Classics) before purchasing it in order to gage whether or not it would be worth my time, and all praised Moby Dick (Collins Classics):

Fighting the evil with evilness?Von walternateClassic that pretty much doesnt need any introduction. The Story is as old as mankind itself. We define the evil based on our strange and very individual moral standards and then try to wipe it out

with doubtful methods which have to be considered evil as well. Nevertheless, a captain and his crew are hunting a whale whom they consider as an evil, devilish creature - The Leviatan. Melville wrote this book after he accompanied whale hunters and strickend a plot which is so twisted and yet so straight if you read between the lines. This book has been an inspiration for many movies and books and allows you, if reading properly, to question your own moral standarts. The bottom line question remains: who or what is evil and how should it be treated. People cross lines for the sake of some odd purpose, while sometimes even questioning their own intergrity. This what Moby Dick is all about.6 von 6 Kunden fanden die folgende Rezension hilfreich. Budget Layout Highly Speculative Edition Don't buy!Von Dr. ExpatText is absurdly condensed, breaking every rule for good printing practice and layout.Publisher is making money by producing sub-standard product. Nach dem Auspacken: eine Ecke des Buches ist beschdigt, mehrere Seiten sind gewellt (schlechte Lagerung?) und mehrere Seiten haben kleine bis mittlere Eselsohren.Allgemein sehr dnne Seiten, bedingt durch die File an Text aber ntig, oder das Buch wre wesentlich dicker.Zum Inhalt: Super! Sehr ausfhrlich und schn gemacht! Hintergrnde, Biographien, Briefe, Reiseroute und und und!Tolle Ausgabe. Ideal fr das vertiefende Studium.Fazit: auf jeden Fall sein Geld wert. Daumen hoch!

KurzbeschreibungFew literary masterpieces cast quite as awesome a shadow as Herman Melvilles Moby Dick. Captain Ahabs quest for the white whale is a timeless epic a thrilling tale of vengeance and obsession, and a searing parable about humanity lost in a universe of moral ambiguity.Inspired by true events, Moby Dick is a work of astonishing psychological depth. It is perhaps the greatest sea story ever told and one of the great classics of literature.Towards thee I roll, thou all-destroying but unconquering whale; to the last I grapple with thee; from hells heart I stab at thee; for hates sake I spit my last breath at thee.deArguably Herman Melville's greatest work, and hailed as a classic American novel, Moby Dick tells the tale of one man's fatal obsession and his willingness to sacrifice his life and that of his crew to achieve his goal. The story follows the fortunes of Captain Ahab and the culturally and spiritually diverse crew of the Pequod, a 19th century whaling ship. The Pequod is on its last voyage out of New Bedford, Mass, in pursuit of Moby Dick, the great white whale which has been Ahab's obsessional quarry and bitter adversary for many years. Narrated by sole survivor Ishmael, the tale forms a complex fictional fusion, combining a wealth of literary symbolism, hidden meaning and philosophical debate with adventure narrative and a detailed historical account of the 19th century whaling trade. --Emily Lowson.co.ukArguably Herman Melville's greatest work, and hailed as a classic American novel, Moby Dick tells the tale of one man's fatal obsession and his willingness to sacrifice his life and that of his crew to achieve his goal.
