You can't have too much fun with this book!Von Ein KundeMONDAY MAN is a smoothly-written book and a quick read. This sweet romance is full of clever humor. I laughed out loud more than once. And the hero, Nick Chamberlin, is impossible to resist. Ms. Gabriel does a great job combining tall, dark and brooding with soft-hearted vulnerability.

KurzbeschreibungNot another Monday!Lucy Moore loved Mondays. She'd lost three pounds, unearthed forgotten

money and been promised a promotion at the library. And in Nick she found the rough, tough and gorgeous sidekick she needed for her daring plan to prove her brother's innocence. Nick Chamberlin hated Mondays. He'd crashed his car on a Monday. He'd taken the rap for a crime he didn't commit on a Monday. And then he met Lucy on a Monday. By Tuesday, this beautiful, kooky woman had endangered his life by Wednesday he knew he couldn't live another week without her. Kurzbeschreibung Not another Monday! Lucy Moore loved Mondays.
