Von Jennifer Bogart : Money, Masks Madness (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Money, Masks Madness (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich.
wonderfully sweet Von Angelika Rust This is a wonderfully sweet story about a very unusual set of sisters with a very unusual past. After having been raised by hippie parents in the woods, they try to make their way in the big city, and

slowly realize that the happy past wasn't always happy. It's also, in a way, a story of growing up, of standing up for yourself, of being who you are no matter what. Thoroughly recommended.

Kurzbeschreibung Raised by unorthodox parents in a secluded cottage, only to be set free in the wilds of Montreal, Tulip Garden is painfully naive and needs to grow up fast. She finds herself teetering on the brink of unemployment, haunted by latex monsters, hunted by Nigerian princes, and in desperate need of a reality check. As her life unravels in a series of misadventures, Tulip believes she needs to follow her own path despite the advice of her family and friends. Torn between money, masks, and the sinking feeling she is falling into madness, Tulip struggles to discover who she is, what she needs, and where she's headed in this crazy escapade called life.
