Von Old Cuck : Moniq: A BDSM Erotic Novel (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Moniq: A BDSM Erotic Novel (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Original content, spicyVon MatjazThis is a book that I woke up interest.Illustrative descriptions, written in a humorous way,

unprecedented in the marketplace.

Kurzbeschreibung Bob is an entirely ordinary gentleman in his best years. The kids have gone from home and his life is taking its regular course: job, home, Sunday sex with his beautiful wife Ann, everyday jerking-off exercises. However, Bob's fatal encounter with the mysterious Moniq, combined with his bold move, suddenly set his world upside down, changing everything he thought he knew. After an exciting sexual torture, into which he is lured by his acquaintances, Bob is seeking new methods to satisfy his perverse desires. Just as he is convinced that he can master the world of kinky games, he finds himself in the middle of a bizarre scene and discovers he cannot master his own actions. Clearly, his adventure is only beginning to unravel. Moniq - A BDSM Erotic Novel is a direct, frank and light-humored, spiced up narrative of a man who takes off his puritan mask and is unburdened while discovering the unusual sexual dimensions. Metal rings, ropes, pain and humiliation - he gets to know them all very well. What is therefore waiting for him behind the walls of those regular suburban houses?
