Wonderful Halloween Read! Von Susi Sunshine When you need something entertaining for your break at work this is the story for you. Moonlight Madness is an intriguing story with many aspects that caught my attention. First we have the mystery of the the fur coat store with an unbelievable Moonlight-Sale no woman could resist- spooky salesman included. We have an amazing hot dancefloor scene and yes we visit a bedroom too. This story mixes an fascinating

story, wonderful characters, smex and horror. Yep I would have never thought that this would work, even less in such a sexy short read but at the end I was really looking like this O_O and one or two ewwwws escaped my mouth. The characters are fascinating and I could relate to the heroine. Her struggles are something every woman knows from time to time and it makes you highly sympatic to her. When we meet the hero Ted my heart melted into a puddle of goo. I love when men appreciate a woman like this. Very nice. The story has a great pace and the plot is appropriate for the length. Moonlight Madness was perfect as a Halloween read but it's also a nice thrill for your short reading break. And I'm not sure I mentioned enough that it's hot.
