EnttauschendVon Vienna GirlDie Geschichte ist zu unrealistisch, unser Held schafft alles trotzdem er eigentlich in

der Intensivstation im Krankenhaus sein sollte, hat mir keinen Spass gemacht zu lesen

Kurzbeschreibung Dick Moonlight is dead for real this time. Thanks to a trio of Obama-masked thugs in a dark downtown Albany alley, hes purchased a one-way ticket to the Pearly Gatesthat is, until he feels his floating spirit painfully pulled back into his bruised but breathing body. And thats when the real trouble starts. A private detective with a short-term memory problem due to a wayward self-inflicted slug, Moonlight knows hes still in danger. Now he just needs to know why. And hes got plenty of enemies to keep him guessingthe Albany police, the local mob, even the latest love of his life, Lola, cant be trusted. Only his Vietnam-vet best friend, Georgie, is on the level. But it seems the goons who tried to take him out have bigger fish to frychiefly Moonlights latest client, Peter Czech, a handicapped nuclear engineer with a mysterious Russian heritage. Czech had somethinga boxthe gang believes is now in Moonlights possession, and theyre willing to get it any deadly way they can. Problem is, Moonlight doesnt recall Czech giving him any boxof course, that doesnt mean he doesnt have it. He just better figure out where it is before he winds up dead for the last time. The Cold War is heating up once again in Vincent Zandris latest thriller. Moonlight Rises is a fast-paced, whip-smart tale of a guy who cant always remember getting into troubleand cant seem to stay out of it.
