**Von Victoria Danann : Moonlight: Winner Best Vampire/Shifter Novel of the Year (Knights of Black Swan Book 4) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Moonlight: Winner Best Vampire/Shifter Novel of the Year (Knights of Black Swan Book 4) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Moonlight: The Big Bad WolfVon Merissa SheppardThe Black Swan series is a set of books that you really should read in the reading order, not out of sequence. By doing this, you will get swept up into a world of strong, protective,

drool-worthy males. Their female counterparts are also strong, protective, ok so maybe not drool-worthy to me, they sure are gorgeous! The stories lead into one another and the characters become more in-depth. The humour in these books has always had me laughing out loud but some in this one have had my husband asking just what is so funny! One of the last scenes that is written in this book, is so beautifully done that I had tears in my eyes and had to go back and re-read. I have loved being with these characters as they have grown and changed; some changes being more noticeable than others (Deliverance and Grey). Others just seem to grow more comfortable with themselves and their role in life (Glen). Other characters have their lives changed in one way or another and you see how they adapt. This book is an excellent read and the series as a whole continues to delight. So, that's what you get with the Black Swan - and if you haven't read the first one yet (which is free), why not?

Kurzbeschreibung A delightfully inventive retelling of The Big Bad Wolf from New York Times and USA Today bestselling author, Victoria Danann. "...like a pitcher of Margaritas with a plate of jalapeos, like a guaranteed multiple orgasm with no mess or fuss, like designer shoes at a pre-season 90% off sale..." - Fangs, Wands, and Fairy Dust The New Jersey home of the Black Swan knights is turned upside down when immortal teenage French-speaking vampires see a rerun of Animal House and try to reenact the movie while drunk on synthetic blood. Meanwhile, Stalkson Grey, the king of the Elk Mountain werewolves has a serious problem. If he doesn't solve the mystery of why his tribe is birthing only male cubs, they could be facing extinction within a generation. Grey rankles at the suggestion of asking for help, but desperation trumps pride when the grumpy alpha grudgingly requests assistance from the Order of Black Swan. The Order offers the services of a demon named Deliverance who brokers a deal with a human population faced with the opposite problem, too many girls. Just when it looks like the crisis may be resolved, Grey shocks even himself by kidnapping a bride. She proves to be a handful. Obstinate. Willful. And perfect in every way. Sure to warm the fur of werewolf lovers. If you enjoy intricate storytelling intertwined with irreverent humor, a sexy alpha werewolf and a sex demon with his own fan following, you'll love Victoria's shifter novel, MOONLIGHT. Scroll up and get your copy today!
