KurzbeschreibungAll of her friends know her as Dana Darling, the clean romance writer. She's never written a steamy novel, not even in her head, but now her publisher needs her to write one. It doesn't appear too difficult at first, but

then Dana's lack of sexual knowledge creates writer's block. That's where her friend Landon comes in. She needs pointers on positions and dirty talk, and he owes her a favor. They agree that it's strictly business and clothes are mandatory, but once they get to work, it's another story entirely... one that's being written between the sheets and not on paper. *More Than Words is an erotica novella* Kurzbeschreibung All of her friends know her as Dana Darling, the clean romance writer.
