Wicked Words Von Ein Kunde Being a veteran reader of the Black Lace anthologies, I have to admit this one came as a surprise to me. The stories here are a more fun than usual, e.g., Bringing it Back (be careful what you lend, ladies ;+), and a bit less literary than usual. Some of them are a unbelievable, even for fantasies, e.g., The Chef's Revenge, and not up to the usual BL standards, which have been fairly high in the past. There's a lot of "do me hard, big boy" and for those of you who really think some things just can't be big enough, have a look at Horseplay and Midsummer Madness. Several of the stories are simplistic, adolescent fantasies, with no pretenses to literary merit. However, Saskia Walker, a multi-published writer of really good erotic, has come through in her usual style with, Laying Down of Ones Cards, a quadrille for the fetish set. Give the book a look, it's a good cross-section of erotic fantasies, with some very entertaining stories.

Kurzbeschreibung Wicked Words - a collection of saucy and compelling short stories This is the best in contemporary sexy fiction - characters who know what they like and stories that dazzle and delight. The series is a showcase of writing by women at the cutting edge of erotic literature, pushing the boundaries of desire to bring you fantasies of unashamed indulgence. Seductive and daring, imaginative and sensual, Wicked Words collections are the juiciest erotic stories to be found anywhere in the world. Pressestimmen "Steamy" (New Woman) "Really does live up to the billing as "wicked"." (Forum) Werbetext Black Lace - the leading erotic imprint for women
