Morgan serves as a liaison between the American and Peruvian military by coordinating raids on the cocaine suppliers. Mike is obsessed, believing that his destiny is to die in the jungles when his enemy finally catches up to him. His perspective radically changes when he meets Dr. Ann Parsons, who has been sent by Morgan Trayhern to help establish a medical clinic. Ann is attracted to Mike just as he is to her. However, Ann fears becoming involved with the major because of past hurts suffered from males. A mystical medical experience tears down Ann's defenses and she reluctantly decides to see where their attraction takes them. Mike now knows that there is danger on two fronts. He realizes that he is a marked man with the cartel wanting him dead. He also deliberately keeps a secret from Ann that, if she ever learns it, will not only end their relationship, but also terrorize the doctor. As usual, Lindsay McKenna has written a fantastic novel that includes a more complex and deeper story line than her previous well-written works. The "Morgan Mercenaries" continues to be a fabulous ongoing series, but HEART OF THE JAGUAR is much more than an action-packed romance. The novel is a mystical experience that delves into different spiritual mindsets than just what exists in the U.S. The ingenious Ms. McKenna effortlessly convinces her readers to easily accept a scenario that in the hands of a lesser talent would be scoffed at by fans of romantic suspense. This should be Ms. McKenna's break out book if there is any justice in the universe. Harriet Klausner0 von 0 Kunden fanden die folgende Rezension hilfreich. Terrific Action / Adventure / Romance Von Ein Kunde While Lindsay McKenna's - Morgan's Mercenaries - Heart Of The Jaguar is a wonderful sensual romance, it is also a terrific action, suspense and adventure novel. The very well developed characters drew me deep into their world, seeing what they saw and living their adventure along with them. It is a real page turner that kept me up late unwilling to put it down. My usual pleasure reading consists of action, suspense and techno-thrillers. However after reading Heart Of The Jaguar I am now anxiously waiting for Lindsay McKenna's next novel. This is a book for everyone, not just aficionados of the romance genre0 von 0 Kunden fanden die folgende Rezension hilfreich. last one of her books I'll read Von Ein Kunde I loved her earlier books, especially the military ones. I've suffered through her recent books over the last several years, hoping with each one that it will be like her old ones. I like that she keeps bringing old favorite characters into her new books, but then the newer books have inaccurate details that conflict with her older books. This book was the last straw for me. I give up on the author will reread her older better books instead of the newer.

Kurzbeschreibung His spirit was tied to the jungle Nine years ago, mercenary Major Mike Houston had faced death and won. So he knew his Quechua Indian blood made him different from other men. And the force of that knowledge kept love and the life he wanted out of reach. Until he was assigned a new mission with the one person he could love without fear. Dr. Ann Parsons knew he was the only man she could trust when her latest mission took her deep into enemy territory. But loving anyone in danger-prone Lima was risky. And now she had so much more at stake. Kurzbeschreibung His spirit was tied to the jungle Nine years ago, mercenary Major Mike Houston had faced death and won.
