**Von Annelie Wendeborg : Moriarty: Anna Kronberg Bundle (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Moriarty: Anna Kronberg Bundle (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A great readVon CustomerAs often in trilogies the 2nd part is weaker than the others. But I found it highly entertaining and well researched. The 3rd book developed into a page turner. A great read.

Kurzbeschreibung"...one of the best Sherlock Holmes novels of all time." Sherlock Holmes Magazine"...a formidable dark-romantic conspiracy novel. A duel of two deduction monsters." Die Welt"...a powerful debut." Stuttgarter

Zeitung"...the new dream team of detective literature." KrimiLeseBundle of the award-winning Kronberg Thriller trilogy - the gripping historical thriller series for fans of Caleb Carr, Louise Penny, and Anne Perry. Europe, late 19th century. Antibiotics have yet to be invented, and germs take a death toll that lets the number of murders appear negligible. But when a cholera victim is found floating in one of London's drinking water supplies, Dr Anton Kronberg - England's best bacteriologist - is called upon to investigate. He crosses paths with Sherlock Holmes. The detective immediately discovers Kronberg's secret -- a woman masquerading as a man in order to practice medicine -- a criminal deed that could land her in prison for years to come. The two highly analytical minds provoke and annoy each other at once. Eventually, they must team up to unravel a spiderweb of murder, espionage, and bioterrorism that spreads across continents. Compiles The Devil's Grin, The Fall, The Journey
