Von Karen MacInerney : Mother's Day Out (A Margie Peterson Mystery Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Mother's Day Out (A Margie Peterson Mystery Book 1) (English Edition):

Produktbeschreibung Margie Peterson is a typical stay-at-home mom until she trades dishes for detective work to become Austins least likely PI. Soon shes knee-deep in cheating husbands, transvestites, and trouble in a laugh-out-loud new mystery from award-winning author Karen MacInerney. With a husband who works long hours trying to make partner and two rambunctious kids that are running her ragged, Margie Peterson is like any other worn-out suburban mom. When she decides to take a job as a PI for a seedy local detective agency, everything changes. It doesnt take long for Margie to get in over her head: her first day on the job she totals her minivan, mistakenly enters a drag contest, and winds up in the bathroom with a dead transvestite. But when Margie finds her home number in the victims phone, things really start to get interesting.
