**Von Karis Walsh : Mounting Danger (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Mounting Danger (English Edition):

Kurzbeschreibung Sergeant Rachel Bryces determination to uphold the rules at any cost has made her a pariah on the Tacoma police force. When she is put in charge of the new mounted division, dissension in the ranks seems to guarantee the programs failure. Rachel asks an old college acquaintance to help her train the horses and their riders before they make their public debut amid the fireworks and crowds on the Fourth of July. Callan Lanford doesnt play by the rules. She invents her own. The scion of a polo-playing dynasty, Cal has been riding since before she could walk, and she scores both on and off the field with equal ease. But she isnt prepared for the emotional ride she takes as Rachel forces her to confront her achievement-oriented familys rejection. Cals attraction to Rachel grows, but both their future together and the future of the mounted unit are uncertain, plagued by accidents and threats. As Rachel and Cal battle a corrupt politicians greed in the face of mounting danger, can their love prevail?
