great one by Deborah Crombie
Von Ein Kunde
When Scotland Yard is called to investigate the murder of police commander Alastair Gilbert, Superintendent Duncan Kincaid and Sergeant Gemma James are assigned the case. Complicating the investigation is the relationship between Kincaid and Gemma, who just recently shared a passion-filled evening together. At the onset of the investigation, Gemma tells Kincaid that it is over between them, leaving him badly hurt.As the duo starts to dig into the background of Alastair, they find a different picture than the public image of a model citizen and cop he presents. They learn that Alastair ignored the rules, his wife planned to leave him, and that his neighbors despised him for his rancorous and dominating personality. As more clues are uncovered and a suspect confesses, the case becomes even more unsettling to the couple. Adding to their disquieting feelings, is the pair's personal dilemma about which direction their relationship should take.
Mourn Not Your Dead is a very interesting Scotland Yard mystery novel that will thrill fans of the genre because of the lead protagonists' struggle with a difficult investigation, personal ethics, and a shaky relationship. Like her first three novels, Deborah Crombie's fourth mystery deserves wide readership.

Von booklover10
Crombie has a way with characters and with dialogue. I like Duncan and Gemma very much. Gemma's problems juggling career, motherhood and love-life ring true. However, the mystery is poorly plotted. The "red herrings" are so obvious that they are laughable. The author telegraphs the fact that "startling revelations" will come later that will turn the case upside down. If the murder mystery had been more compelling, this book would have been much better.

a very good book, suspenseful, humorous, a touch of "good old England". A real good whodunit, I really enjoyed it and will now look forward to reading more of Deborah Crombie.

Kurzbeschreibung
The murder at Holmbury St Mary was not one that Superintendent Duncan Kincaid of Scotland Yard would relish investigating. A man has been beaten to death in his own home. A man who just happened to be Commander Alastair Gilbert of the Metropolitan Police... Only adding to Kincaid's problems are his tangled personal feelings for Sergeant Gemma James. And in an investigation of this importance neither can afford a breakdown in their relationship. Combining subtle emotional nuances and psychological insights with the intricacies of police procedure, Deborah Crombie produces a powerful contemporary mystery in the classic tradition..
de
Recipe for a perfect village murder mystery: Start with one pristine British hamlet, stir in the murder of the local police chief, add a shrewd local member of the clergy and a detective from Scotland Yard; season with a dash of clandestine romance. In her latest, Deborah Crombie cooks up the perfect example of the genre. In this offering the hamlet is called Holmbury St. Mary, the murder victim was a widely-hated bully and the vicar is a woman. A delicious concoction..

The three things that make Deborah Crombie's books about a pair of Scotland Yard detectives so fascinating are (a) the way the relationship between Superintendent Duncan Kincaid and Sgt. Gemma James is constantly--and believably--changing; (b) the meticulously researched and impeccably presented details of British police procedure; and (c) the fact that the superb chronicler behind these multi-layered tales of British society is a native Texan and current resident of a small town near Dallas. This fourth entry in Crombie's excellent series sends the gently raised, intellectual Kincaid and the tougher, more abrasive James out after the killer of a much-unloved senior policeman in suburban Surrey. Other books in the series also available in paperback are All Shall Be Well, Leave the Grave Green, and A Share in Death.
