**Von Rich Amooi : Mr. Crotchety (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Mr. Crotchety (English Edition):

KurzbeschreibungWarning: May cause happiness and laughter.Shoe store owner Roger Hudson has a chip on his shoulder the size of Mount Rushmore. Hiring real estate agent Sally Bright, the most-annoyingly positive woman ever, probably isnt the smartest move but shes the best. Her constantly bubbly nature gets under Rogers skin but theres an even bigger problem. Shes also getting into his heart. And dont even get him started on her dynamite legs. Roger doesnt fool Sally one bit. She knows his crotchety act is as fake as her best friends Gucci bag. Shes dealt with his type before but selling his home is proving to be harder than she thought. Especially since shes developing feelings for her handsome client. But just when things seem to be going in the right direction, Sallys secret could destroy everything she worked so hard for.
