Von Jennifer Lang : Mr Darcy's Hallowe'en: Darcy and Elizabeth What If? # 4 (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Mr Darcy's Hallowe'en: Darcy and Elizabeth What If? # 4 (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. waste of

time Von Beate Dobbratz I bought the book after reading the extract on and thought it could be fun. No way. The longer it was the more boring. The end? Forget it read the original by Jane Austen. Absolutely more amusing

Kurzbeschreibung Novella length. All the novellas in the Darcy and Elizabeth What If? series are separate, standalone stories. They can be read in any order. Excerpt Elizabeth was collecting apples for the apple bobbing at her aunt Philipps Halloween party. The activity took her back to her childhood, when she had climbed the trees in the orchard and a small, ghostly voice inside her said it would be fun to climb one of the trees again. She set her basket on the ground and then, giving in to that small voice, she hitched up her skirt and began to climb. Her bonnet caught on one of the branches and she untied the ribbons, too impatient to untangle it. She had her eyes set on a particularly rosy apple that was hanging right at the top of the tree. She remembered exactly how to reach it. Foot here . . . knee there . . . hand There was an ominous creak. She could not understand it. The tree was robust and it should be easily capable of bearing her weight. The ghostly voice inside her told her there was nothing to fear. She was so close now and it would only take a few seconds to reach the apple which hung, temptingly, just beyond reach. She stretched out her hand further . . . further . . . The branch gave another protesting groan, then there came a splintering sound accompanied by an even louder crack and the branch gave way beneath her. Looking down, she was horrified to see that one of the other guests had ventured this far into the orchard and was directly underneath her. Look out! she cried. She saw a startled face looking up, a pair of hands instinctively outstretched . . . and then she fell straight into the arms of Mr Darcy! Description What if Mr Darcy's ghostly mother felt guilty about betrothing him to Anne de Bourgh in his cradle and tried to bring him together with Elizabeth? When Elizabeth's aunt Philips decides to hold a Halloween party, Mr Darcy's deceased mother uses the events leading up to the occasion to bring Mr Darcy and Elizabeth together. As Halloween approaches, a sprinkling of magic shows Elizabeth what it would be like to be the mistress of Pemberley. Kurzbeschreibung Novella length.
