Von Ann Granger : Mud, Muck and Dead Things: Campbell Carter Mystery 1 (Campbell and Carter) before purchasing it in order to gage whether or not it would be worth my time, and all praised Mud, Muck and Dead Things: Campbell Carter Mystery 1 (Campbell and Carter):

Plot. Nicht zu empfehlen. The cover was the most interesting issue. A very old fashioned, stereotyped and completely un compelling story. No recommendation. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Not Markby and Mitchell but worth a try Von KH the story is set in the Cotswolds but the focus is not on one of the nice cottages. I am a huge fan of the Mitchell and Markby series and figured this new setup by Ann Granger must be given a try. The story revolves quite intriguingly around an old boarded up house, a new murder that might or might not connect to an older one and some very engaging characters in riding stables. Jessica Campbell, the major inspector character, does not fully grip me as a reader -yet- maybe because the story focuses on the story and does not have so many outings into what the inspector does in her spare time like the Mitchell stories did. It is a good read and I am hooked enough to have started the sequel yesterday so we shall see. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Competent but not outstanding Von matilda special, Belgium This is the first I bought from Ann Granger. The detective story is competently developed, but it lacks charm. I suppose I am a little spoiled after reading M.C. Beaton's detective stories. There are the action parts and the philosophical parts. Jess Campbell's musings are a feature of other modern detectives, but what this novel lacks most is humour.

Kurzbeschreibung The first Campbell and Carter mystery. Lucas Burton hates the countryside. To him it's nothing but mud, muck and dead things. And he's right. When he turns up at a deserted farm in the middle of nowhere hoping to conduct a business deal he stumbles across the body of a girl. And that's just the start of his bad luck: Penny Gower from the local stables has spotted his silver Mercedes leaving the scene of the crime. Suddenly, for Lucas, things are looking very bleak indeed... Inspector Jess Campbell is on the case, but with few leads and a new superintendent, Ian Carter, breathing down her neck, she's beginning to feel the pressure. Then another dead body is found...
