Hot Collection!Von Anna SalamatinGame of Smoke Mirrors....Jia mason's estranged husband Everett is missing. She is the prime suspect. Wanting to clear her name, she goes on the run. Before she can do to much to help her cause she is caught and is now being extradited back to Florida from New Hampshire by a private transporter, Zack Sizemore. He is immune to her tears and pleas of innocence. Ever since the murder of his wife he is deaf to all the lies...So why is he so attracted to this woman?On their way to the airport, by car through the wooded country side, they get slammed by a snow storm and end up in a ditch and on foot looking for some where to wait out the storm.They do find an empty cabin and soon have a fire going but the heat of the flames is nothing compared to the attraction they feel for each other. And soon they are keeping each other warm. But they both have deception issues.....can they trust each other and is Everett still alive? What happened to him and why? I totally enjoyed all the mystery, twists turns to this story and of course the HOT romance..Employee Relations...This story was really easy to fall into, the characters are so 3D, their lives so realistic I could see it clearly.Scarlett and Ethan each had their own emotional issues. Neither one wanted

another disastrous relationship, so when Ethan hires Scarlett as a nanny for Toni, the daughter he hasn't seen for years, No problem right? Wrong!!! And Toni has some deep emotional pain of her own, I wanted to slap her mother my self, but, luckily(pun) in the end Toni is all good....and Scarlett Ethan? Well, the heart wants what the heart wants..False Pretenses...This is quick short read, perfect for a rainy afternoon escape into romance.Sarah Powell is no stranger to loss. She lost her eyesight at a young age, but thanks to a cornea transplant she received she is able to go on with her life.She is out one night with friends who are trying to cheer her up after losing her job, meets a guy and feeling a little reckless and an undeniable attraction, takes him home for a one night stand. She soon finds herself at a new job in Bermuda, and guess who her new boss is? ...Brady Travers is reluctant to continue what they started that night even though he too feels the attraction, he has his own issues after the death of his wife and wants to keep things between them strictly business.This story is told from both P.O.V. and I really liked that from these strong characters who deliver emotional revelations within this unusual story line.This is not your typical steamy hot romance, although it is certainly Both of those, this story has a few hidden twist s that each packs it's own punch and surprise. So the real question is...Does the guy get the girl in the end? You really need to read this one for yourself.
