Von Ramona Dieses Buch wurde mir von einer Freundin empfohlen - absolut gute Entscheidung, es zu lesen! Ich konnte nicht aufhören, zu lesen und war innerhalb von 24 Stunden damit fertig! Würde dieses Buch jedem empfehlen, der gerne lacht (es hat mich wirklich sehr oft zum Lachen gebracht) und mit lustigen Sexszenen in Büchern umgehen kann! Wenn man sich dann vorstellt, dass alles auf bisherigen Erfahrungen aus den

Leben der Freunde der Autorin beruht, muss man oftmals noch mehr lachen! Auf jeden Fall empfehlenswert!

KurzbeschreibungHaving gay parents didnt screw me up. Fifty Shades did. And all those other bloody erotic novels and rom coms that made out like sex was this wonderful, magical thing. Its not.Its messy and awkward, there are limbs in strange places, and you pant not because its hot, but because youre out of breath. Some of those Kama Sutra positions are hard. For so long weve all just been left in the dark to figure this out for ourselves, like its some secret that we cant speak beyond the bedroom door.Well, screw that. Im going to tell you all how it really is.Love Jenny xxx
