wait for the next two books in the series to arrive from . Again, this was a wonderful mystery. The mystery is witty, suspenseful, and fun to read. Miss Jacobs neatly ties all of the characters and events together. She also has a wonderful sense of humor when it comes to raising children. Kate's relationship with her daughter is very amusing. There is a lot of intrigue between Kate and her new boyfriend/homicide detective Michael Stone. I can't wait to see what happens in the next book!

The characters seem so real and the plot was very good. This is a good book to read if you want something not too dark and heavy with a little humor. Love Kate Austen and can't wait to read the next books in this series. I would like to know what will happen with her relationship with Michael. If you're looking for a quick read pick up Jonnie Jacobs books as soon as you can. They will not disappoint you.
