Von jonnie jacobs : Murder Among Us (The Kate Austen Mystery Series Book 3) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Murder Among Us (The Kate Austen Mystery Series Book 3) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. mystery with an annoying, often obnoxious, lead characterVon brettashley@hotmail.comThis is the first and last Jonnie Jacobs mystery I will ever read. There is little action or suspense in this mystery and I found Kate to be an extremely annoying person all the way around. She was so irritating that I had a hard time getting through the book. Her tendency to constantly hound the police about every little thing she uncovered and her belief that she could solve the case faster than the police did not endear her to me. In addition, I found that I could not work up much excitement about the other characters or Kate's relationship with Michael. Although this "mystery" is written to center on Kate, I feel that I might have enjoyed it had the author bothered to actually write a mystery. Two thumbs down.0 von 0

Kunden fanden die folgende Rezension hilfreich. A good mix of humor, suspense, and great characters
Von drThis was a well plotted, suspenseful mystery. Again, the characters are well written and very likable. The relationships between Kate and her girls continues to grow, and the humor is still great. I was sure at the beginning of the story that I knew who was the murderer. Then came many twists and turns that had me guessing until the very end. Kate Austen is a wonderful heroine. It is enjoyable to watch her character grow with each book. Murder Among Us was intricate and a wonderful read! This is one of my favorite series.
0 von 0 Kunden fanden die folgende Rezension hilfreich. Great summer reading
Von Ein KundeAs with her earlier books, Jacobs kept me turning the pages. She does an excellent job of creating realistic, entertaining characters readers care about, and the writing is smooth and vivid. The plot twists and crisp dialogue keep the story moving along nicely. The story is a nice mix of amateur sleuthing and police procedure, and I especially like that Kate's boyfriend cop asks for her opinion and suggestions on matters where she has more experience than he does. This is a polished, thought-provoking mystery.

KurzbeschreibungThe overlapping threads of two murders lead Kate from Cybersex to love sonnets, from a clandestine research project to the deepest of family secrets, and ultimately threaten Kate and those she loves.
This is the third book in the Kate Austen mystery series. It was first published in hardcover in 1998.
This fine mystery is buoyed by rich characterization (and) a gripping plot. Publishers Weekly
Murder Among Us is a winner a shining addition to an excellent series. Janet Evanovich
