however, he must complete one last assignment. Alec acts as a bodyguard to Regan Hamilton Madison, a hotel heiress. Regan was helping a journalist friend expose the con game of a self-help guru who preys on lonely women. During a seminar of Dr. Shields's, she (and everyone else) does a little exercise of creating a list of people who had hurt or deceived them. Regan is shocked when people on her list begin dying! Alec and Regan become attracted to each other. This could easily compromise her safety and end up killing her. Together, they must figure out who is killing off the people on her list ... and why. **** This one will grab you quickly. At times it seemed to drag on a bit too long (to me) though. Suspense, mystery, and romance blend together well to create this wonderful novel that is more than worth your time. ****0 von 0 Kunden fanden die folgende Rezension hilfreich. . Von Kerstin Roush Julie Garwood is one of my favorite authors. I have read all her books and more than once. Love them all. 4 von 6 Kunden fanden die folgende Rezension hilfreich. Langweilig Von Customer Es ist mir unklar, was dieses Werk sein soll. Als Krimi ist es zu einfach. Als Thriller ist es nun wirklich nicht spannend. Vielleicht ist es ein Liebesroman. Letztlich hat dieser Buch auch etwas gutes. Es ist so langweilig, dass ich mich mit ihm auf einem Langstreckenflug problemlos in den Schlaf lesen konnte.

Kurzbeschreibung There are few authors who can weave nail-biting thrills, edge-of-your-seat drama, and romantic suspense as masterfully as Julie Garwood. Now she ratchets up the tension with *Murder List*, in which evil is on the hunt and proves to be methodically organized and chillingly successful. When Chicago detective Alec Buchanan is offered a prime position with the FBI, it is the perfect opportunity to leave the Windy City and follow in his brother's footsteps to the top echelons of law enforcement. But first he must complete one last assignment (and one that he is not too happy about): acting as a glorified bodyguard to hotel heiress Regan Hamilton Madison. The gorgeous exec has become entangled in some potentially deadly business. Someone has e-mailed her a graphic crime-scene photo and the victim is no stranger. Regan suspects that the trouble started when she agreed to help a journalist friend expose a shady self-help guru who preys on lonely, vulnerable women. In fact, the smooth-as-an-oil-slick Dr. Lawrence Shields may be responsible for the death of one of his devotees, which was ruled a suicide. Hoping to find some damning evidence, Regan attends a Shields seminar. At the gathering, the doctor persuades his guests to partake in an innocent little cleansing exercise. He asks them to make a list of the people who have hurt or deceived them over the years, posing the question: Would your world be a better place if these people ceased to exist? Treating the exercise as a game, Regan plays along. After ten minutes, Shields instructs the participants to bring their sheets of paper to the fireplace and throw them into the flames. But Regan misses this part of the program when she exits the room to take a call and barely escapes a menacing individual in the parking lot. The experience is all but forgotten until the first person on Regan's list turns up dead. Shock turns to horror when other bodies from the list start to surface, as a harrowing tango of desire and death is set into motion. Now brutal murders seem to stalk her every move and a growing attraction to Alec may compromise her safety, while stirring up tender emotions she thought she could no longer feel. Yet as the danger intensifies and a serial killer circles ever closer, Regan must discover who has turned her private revenge fantasies into grisly reality. From the Hardcover edition.
