Von P.B. Ryan, Patricia Ryan : Murder on Black Friday (Nell Sweeney Mystery Series Book 4) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Murder on Black Friday (Nell Sweeney Mystery Series Book 4) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. The best

cozy series ever! Von Wombatsbooks Murder on a Black Friday is the fourth book in the invariably great Gilded Age - series evolving around Irish governess Nell Sweeney. I have read all four of the books published so far after one another and folks, if you like cozy mysteries set in the late 19th century, this series is most definitely it! Due to the short flashbacks into previous books it is not really necessary to read the books in order, but I recommend doing so nevertheless as not to miss out on a single one of those wonderfully enthralling reads: 1. Still Life With Murder 2. Murder In A Mill Town 3. Death On Beacon Hill 4. Murder On A Black Friday All four books are intricately woven tales around crimes occurring among or involving Boston's Brahmin families. Ryan did a great job capturing the outgoing 19th century: she gives wonderfully detailed accounts w/o becoming boring for a nanosecond on the books are contrary extremely vivid. To top that off she employs a fascinating set of protagonists with steady character development who you will surely get fond of immediately! All the books in this series published so far are those of a kind you cannot wait to finish reading because you want to know the outcome, but yet at the same time get more sad with each page you have read because it gets you nearer to the closing. The fifth book will be out in November (Murder In The North End) and I'll be waiting with baited breath until then ;-)! Result: Utterly, highly, completely recommendable! 0 von 0 Kunden fanden die folgende Rezension hilfreich. spannend, gut geschrieben Von AJ Wie alle anderen Bücher bisher ist auch diese sehr gut geschrieben und spannend gehalten. Die Lösung des Falles ist nicht, wie bei manchen Büchern, recht früh offensichtlich, sondern wird nach und nach erst erarbeitet und ist plausibel gehalten. Auch die Hauptcharaktere sind gut gestaltet und sympathisch. Die Buchreihe ist nicht nur etwas für Fans von Krimis, sondern auch für historisch interessierte Leser und für Menschen mit romantischer Ader.

Kurzbeschreibung A mesmerizing mystery. Not only does Ryan provide readers with a tightly wound, suspenseful novel peopled with multidimensional characters, she writes about an era whose problems mirror our own. This is a historical period she knows and brings to life so clearly that readers are totally immersed. Nell is an ideal heroine: smart, intrepid and human. Be on the lookout for her return. RT Book s On Sept. 24, 1869, the gold market crumbles, and fortunes are lost in a matter of minutes. When two of Boston's most prominent men are found dead on Wall Street's first Black Friday, it's widely assumed that they committed suicide over their financial losses. But upon examining the bodies, forensic scientist Dr. William Hewitt concludes that one of the men was most likely murdered. Will wants to investigate the circumstances surrounding the suspicious death, but to do so, he needs to navigate the upper echelons of Boston society, which are foreign to him. He enlists the aid of Nell Sweeney, the Irish-born governess employed by his estranged parents. Not only is Nell acquainted with many of the city's most prominent citizens, she understands how their wealth and power can be used to keep dark secrets under wraps. As their investigation progresses, Nell and Will discover that the two dead men were linked by something more valuable and far more treacherous than gold. Nell and Will are a confirmed pair of amateur sleuths in this fourth entry in the popular Gilded Age series, and this makes the setting perhaps slightly cozier, but as usual, P B Ryan is spot on with her period detail. This is the best part about the series for me, as these books really do open a window into how both the high and low society of Boston operated. She thankfully doesn't shrink (Anne Perry style) from showing it, warts and all... probably the best entry yet. MyShelf.com As always, Nell and Will's predicament tugs at my heart. Loved it! Babbling Book s The author has an amazing grasp of life during this period of history. Each detail is crafted to let the reader feel immersed in the time; from the major historical events, to the minutiae of everyday life. These facts are effortlessly woven into the overall narrative. The Romance Readers Connection About the Author: Patricia Ryan, a.k.a. P.B. Ryan, is the USA Today bestselling author of more than two dozen novels, including the #1 national bestseller Still Life with Murder. Pat's books have garnered rave reviews and been published in over twenty countries. Sign up for Pat's newsletter at pb-ryan.com. Pressestimmen A winning heroine gifted with common sense. (Earlene Fowler) Kurzbeschreibung A mesmerizing mystery.
