Do yourself a favor and read this book.Von Ein KundeI think this is the best Murder, She Wrote book out there and I've read just about all of them. I can't come up with any complaints regarding this book. The setting was great, the characters, and the plot itself was outstanding. It was hard to put the book down once I started to read it. It will be difficult for Fletcher Bain to make a better story.1 von 2 Kunden fanden die folgende Rezension hilfreich. Jessica's done the prime writing again!Von Ein KundeIn this mystery, Jessica is befounded to actually see her dear friend, Walter Marschalk, dead in St. Thomas island! While searching for answers, she meets several people (including another J. Fletcher) who all help her along the way, but every new person is a suspect in her eyes. I thought this was a best for FletcherBain, compared to others.
