Enjoyable read Von A. Very nice, enjoyable light read. Intelligent enough not to be bland, never dull, some laugh out

loud funny moments. Thanks!

Kurzbeschreibung Sometimes rotten luck is better than no luck at all. Jinxed from birth with astonishing bad luck, Murphy Drummer hasn't ventured beyond his backyard since he was a little boy. To remedy his loneliness he immersed himself in the mastering of hundreds of hobbies, and in the process developed some amazing abilities. Now grown up, Murphy must seek a new sanctuary where the world might be safe from his mystifying jinx. Trailing both miracles and mayhem wherever he goes, Murphy stumbles into Joy Daley, a happy-go-lucky optimist who never forgot to thank her lucky stars. The comical, topsy-turvy effects from the collision of Lady Luck and Murphy's Jinx whimsically upends the lives of everyone in their paths. At first, Murphy's victims question who he is; at last, they'll be questioning who they aren't. An inspiring and magical romantic comedy of wood-tapping proportions.
