groartige anthology! Von Skywalkerin Die Geschichte von Charlaïne Harris ist sehr kreativ auch wenn ich mir eher eine Sookie Stakehouse Kurzgeschichte gewünscht hätte. Es geht um zwei Bodyguards, die ihren Klienten - einen Dieb - in die Hölle begleiten sollen, da er dort etwas wiederholen möchte, was er bei seinem letzten Besuch dort versteckt hat. Die Geschichte ist an einigen Stellen etwas schwach, besonders was die Beschreibung der Britlingen angeht aber ansonsten hat sie mir von der Spannung her gut gefallen. 4 Sterne dafür. Wegen Nalini Singhs Geschichte habe ich mir das Buch eigentlich gekauft und sie hat mich nicht enttäuscht. Leider ist sie viel zu kurz aber das ist in Anthologien nun einmal so. Die Geschichte von Sarah und Deacon ist als Vorgeschichte zu Angels Blood zu verstehen. Es geht darum, wie Sarah zum Director der Guild Hunter wurde. Sie ist einzeln zu lesen und ist ein guter Vorgeschmack, auf den eigentlichen Roman. 5 Sterne und ich würde mehr geben, wenn das möglich wäre! Die Geschichte von Ilona Andrews ist schwieriger zu lesen wenn man wie ich die eigentlichen Romane nicht kennt. Es ist praktisch unmöglich die Welt zu verstehen, in die man hineinversetzt wird. Doch die Personen sind sehr sympathisch und die Handlung ist sehr ausgefeilt dafür, dass sie nur so kurz sein durfte. Es hat Spaß gemacht, sie zu lesen. Die letzte Geschichte hat mir noch einmal sehr gut gefallen. Meljean Brooks hat eine angenehme Art zu schreiben und beweist das hier mal wieder. Sie ist absolut ohne Vorkenntnisse zu lesen und man wird nicht mit so vielen Einzelheiten bombardiert dass man sich fragt, wo die Geschichte geblieben ist. Es ist nicht direkt eine ihrer Guardian-Geschichten, da diese nicht vorkommen aber es spielt in der gleichen Welt und ich denke es kommen Personen vor, die vorher bereits aufgetaucht sind. Aber da kann ich mir nicht sicher sein. Es lohnt sich also, diese Anthology zu kaufen! 11 von 11 Kunden fanden die folgende Rezension hilfreich. Four novella stories. Von Detra Fitch The Britlings Go to Hell by Charlaïne Harris Batanya and Clovache are bodyguards in the service of the Britlings Collective. The ladies have only recently completed their last assignment, yet are called in for a new mission. The pair's new client is named Crick. No matter how innocent the man pretends to be, Batanya and Clovache can tell he is hiding information. It is not until the contract is signed that the bodyguards learn where they are going. Crick is heading to Hell so he can steal Lucifer's conjuring ball. It is the only destination in which no one has ever returned from. ***** FIVE STARS! Exciting and intriguing. The Collective is worth having its very own series! ***** Angels' Judgment by Nalini Singh The Cadre of Ten are the archangels who rule the world in all ways that matter. They meet when Simon, the human Guild Director of the American Chapter, decides he will retire within the next year. Simon informs them that he chooses Sara Haziz to be his successor. Once done, Simon calls in Deacon to be Sara's bodyguard without her knowledge. Why? Certain archangels may feel the urge to "test" her. Though the Guild hunts and retrieves Made vampires who break their Contracts, the hunters do their best not to kill them. However, very rarely, a hunter cracks and seems to go insane. Should that happen the one called "Slayer" hunts down the hunter and terminates him. Sara knows almost instantly that Deacon is a babysitter, but is shocked to learn he is also "Slayer". The two are out to find a vampire serial killer. The evidence points to the killer being a hunter from the Guild. At the same time, Sara must keep her eyes out for a possible life-threatening test or two. ***** FIVE STARS! Even though I have not read any title in the "Guild Hunter" series, I was enthralled throughout this entire story. Outstanding! ***** Magic Mourns by Ilona Andrews When someone has a magic problem in which the police could not handle, the Order of Knights of Merciful Aid get a call. Kate Daniels, of the Atlanta chapter, is on medical leave. Andrea Nash is filling in for her. When Andrea gets a call of a shapeshifter in distress, of course she responds. Andrea never expected to find Cerberus chasing Raphael. Raphael Medrano is a werehyena who pants after Andrea. (She has been avoiding him lately.) Raphael is searching for the one who stole the body of his mother's human mate, Alex Doulos. Turns out Cerberus is circling, sniffing around, a house filled with at least one vampire. And vampires are often controlled by a navigator, such as a necromancer. Andrea and Raphael have no idea how many vampires are in the house, but one thing is for sure; Doulos is inside. ***** FOUR STARS! This is one of the most unique stories I have read involving shapeshifters and vampires. Though I have never read a full-length novel by this husband and wife writing team, you can bet I soon will. ***** Blind Spot by Meljean Brooks Maggie Wren is a former CIA operative. Her previous employer had been a congressman. Maggie's last mission had been to assassinate her fellow operative, Trevor James. Learning that the congressman was a demon, literally, she quit. That was three years ago. Now Maggie's employer is a vampire. (Again, literally.) She is over the household management and personal security (a.k.a. the butler with a gun) for Colin Ames-Beaumont, billionaire owner of Ramsdell Pharmaceuticals. Geoffrey Blake is the nephew of Maggie's boss. All who meet him believe he is blind. However, even though Geoff cannot see out of his own eyes, he can see out of the eyes of anyone near him. And no matter how far away his sister, Katherine, is Geoff can through her eyes. So when Katherine is kidnapped, Maggie and Geoff go hunting for her. Accompanying them is Sir Pup, a hellhound. ***** FOUR STARS! I have one glaring problem with this story. When Katherine is imprisoned in an RV, she tries to help Geoff know where she is by viewing car plates. Katherine notices the license plate on the car traveling BEHIND the RV has South Carolina plates. Problem is that South Carolina does NOT have front license plates, only rear. Otherwise, this story is great. It blends romance, mystery, and a bit of paranormal with a twist. ***** Reviewed by Detra Fitch of Huntress Reviews. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Sehr gut Von Aurinia Ich habe das Buch vor allem wegen der Storys von Nalini Singh und Ilona Andrews gekauft und sie sind erwartungsgemäß GENIAL :) Allerdings wurde ja schon von den Anderen geschrieben, die Geschichte von Ilona Andrews baut auf ihrer Serie auf, die man kennen sollte. Auch die

vierte Geschichte fand ich super, nur die Erste (Brittlings go to hell) hat mich nicht so berzeugt.
