But it could be longer.

KurzbeschreibungJaime was never happier than he was now with this being his final year of high school. He already had his top three Colleges of his choice already in line, all three had accepted him and it was just the matter of picking one of them. They were selected because they were all far from home. He needed to get out of here; he needed to get away from his brother, Justin, and all the inappropriate feelings that came along with living at home with his sinfully handsome older brother and guardian. Feelings that was so shamefully wrong for him to possess for his sibling. He could only pray that he had the strength to resist the urge to blurt out or act on his overwhelming emotions. But little did Jaime know that his love maybe not be one-sided. Read to see what happens. Will Justin return Jaime's feelings or will Jaime go off to College to build a life with a broken heart?KurzbeschreibungJaime was never happier than he was now with this being his final year of high school.
