Buch hat mich begeistert. Der Humor ist unschlagbar, ich habe mehr als einmal Tränen gelacht. Es ist spannend geschrieben und es fällt dem Leser sehr schwer das Buch aus der Hand zu legen. Auch wenn ich öfters mal ein Buch in englisch lese, ist es mir diesmal etwas schwerer gefallen. Ich vermute, dass es an einigen umgangssprachlichen Ausdrücken gelegen hat. Ich würde mich deswegen freuen, wenn die Reihe auch ins Deutsche übersetzt werden würde. 0 von 0 Kunden fanden die folgende Rezension hilfreich. not mine Von hamony56 I read this book because I truly enjoyed the author's Kindred of Arkadia series, but this one just does nothing for me. Reading some of the recensions on .com, it was like I read a different book. The main female character walks into unknown forrest wearing headphones, bemoans, after zipping up her hoodie, the cutting of her hair because her neck is cold (Hello, hoodie???? pull up the hood, stupid), climbs a ten foot fence which means she has to be in some shape, and later has stretch marks???? Why does a 34 years old, in shape woman have stretch marks??. The alpha male goes all caveman upon seeing her, the mine, don't touch, don't even look at her spiel, but later has no problem with leaving his unclaimed mate in the sole presence of one of his men? Has me bewildered but not bewitched. Sorry, I cannot in good conscience recommend this book. I will stick with the first series and leave the rest for those who read and like books indiscriminately because they like the author 0 von 0 Kunden fanden die folgende Rezension hilfreich. Love Von Glckskind I loved this book and for me it was the perfect start to a new series. It made me laugh so much I had tears in my eyes (Tampon incident) and yet it had a great plot that made me eager for the next books :)

Kurzbeschreibung When the topic of grandchildren comes up during a weekly sewing circle the matriarchs of the founding families seek out the witch Elder to scry to see if their sons have mates. They are shocked to discover that many of their sons mates are out in the world and are human! Fearing that their future daughter in laws will end up dead before being claimed and providing them with grandchildren to spoil, they convince their own mates that something must be done. After gathering all of the warriors together in a fake award ceremony the witch Elder casts a spell to pull the warriors mates to them, whether they want it or not. Aiden McKenzie is adamant that he doesn't need a mate and that she would only get in the way. He doesn't have time to coddle a female. He likes his world run with military precision. Little does he realize, Fate is sending him his mate first! He meets his destined mate Meryn Evans and things go downhill from there. She is the embodiment of chaos. In the first twenty-four hours she kicks, screams and knocks her bear shifting mate unconscious. Eventually they discover that life before finding each other may have been good, but life afterwards is perfect, even if it involves super soaker battles and accidentally discharging hand grenades. Unfortunately the joy of their mating is overshadowed when Aiden and Meryn find themselves embroiled in a missing persons case assigned to Aiden by the Lycaonian Council. By assisting Aiden, Meryn finds herself the focus of a demented killer. Can Aiden and the elite warriors from the Alpha Unit keep Meryn safe? Or did Fate bring her to Lycaonia to die?
