Von Mark Leyner : My Cousin, My Gastroenterologist: A novel (Vintage Contemporaries) before purchasing it in order to gage whether or not it would be worth my time, and all praised My Cousin, My Gastroenterologist: A novel

(Vintage Contemporaries):

Kurzbeschreibung Welcome to Mark Leyner's America, where you can order gallium arsenide sushi at a roadside diner, get loaded on a cocktail of growth hormones and anabolic steroids, and support your habit by appearing on TV game shows. Welcome to a wildly post-Einsteinian fictional universe where the locals include a speech pathologist with a waterbug fetish, a kamikaze airline pilot, and the lead singer for Brazil's most notoriously nihilistic samba band. Pressestimmen "I really, really liked it. It's like nothing else. I laughed out loud in the bathroom." -- David Byrne Welcome to Mark Leyner's America, where you can order gallium arsenide sushi at a roadside diner, get loaded on a cocktail of growth hormones and steroids, and support your habit by appearing on TV game shows. Welcome to a wildly post-Einsteinian fictional universe where the locals include a speech pathologist with a waterbug fetish, a kamikaze airline pilot, and the lead singer for Brazil's most notoriously nihilistic samba band. My Cousin, My Gastroenterologist is fiction the brain can dance to, by one of the funniest and most subversive young writers of this or any other decade. "Most current fiction is as well made and exciting as floral wallpaper; but here is a writer willing to decorate the room with the contents of his own dynamited head." -- Entertainment Weekly "Reading this is like fishing in some hallucinated lake of the subconscious. No telling what term, idea, or thing you'll pull up next." -- Houston Post Kurzbeschreibung Welcome to Mark Leyner's America, where you can order gallium arsenide sushi at a roadside diner, get loaded on a cocktail of growth hormones and anabolic steroids, and support your habit by appearing on TV game shows.
