Great stories for Valentine's DayVon StephanieMy Cowboy Valentine - Jane Porter Tanya MichaelsBe Mine, Cowboy by Jane PorterCade is a recovering alcoholic who is back in Rachel's life after walking out on her five years ago when she attempted to help him with his problems. In the five years since her heart was broken, Rachel has been struggling to raise her autistic son, doing everything she can to protect him from people who don't understand him. Now that Cade is back she is struggling with feelings that never went away and has to decide whether or not she can trust him not only with her but also with her son.Be Mine, Cowboy is a sweet, emotional read. Rachel's love for her son is evident in everything she does and you really feel for her and the issues that can come with raising a special needs child. Cade knows that he hurt Rachel when he left and is doing what he can to make amends and win Rachel back. I really enjoyed their story and Jane did a great job. My only wish is that it was a longer story.Hill Country Cupid by Tanya MichaelsTess is known for doing what she can in helping out her friends in giving them a push towards something that they want. She's known Nick for several years and decides that he needs help in courting the woman he's lusted after since high school. While helping Nick become more comfortable in flirting with the opposite sex, Tess realizes that she has feelings for Nick but doesn't want to be anyone's second best.Hill Country Cupid is a nice, fun Valentine's read. I loved Nick and Tess together and seeing them overcome the obstacles keeping them apart. I really enjoyed Nick's determination to show Tess that she is his first choice above anyone else and that they belonged together.0 von 0 Kunden fanden die folgende Rezension hilfreich.
